

How do we fight the Heavy Attack Reconnaissance Squadron?

Given

- Doctrine:** Doctrine shortfalls?
- Organization:** UAS Platoons not optimally organized?
- Training:** Training and deployment friction?
- Materiel:** UAS equipment shortfalls?
- Leadership:** Commanders that don't understand HARS?
- Personnel:** UAS personnel shortfalls?
- Facilities:** UAS facility requirements?
- Policy:** Emerging Airspace solutions?
- S&T:** Inevitable future technology friction?
